Profile

Oracle EBS & Fusion Specialist with 8+ years' experience delivering **5+ end-to-end implementations**, driving an **80% reduction in order failures** and **60% faster setups** through automation. Skilled across **technical (PL/SQL, Microservices, OTBI)** and **functional (Field Service, Spares, Order Management, Inventory, Fulfillment, Costing)** domains. Experienced in **mentoring teams, leading Agile/SAFe projects**. Recognized for bridging business and technology by delivering scalable solutions, streamlining processes, and enabling smooth Fusion cloud migrations.

Skills

- Professional **Technical**: Oracle PL/SQL, Oracle SQL**,** Oracle Forms, OTBI Reporting, SSRS, Oracle APEX, Microservices, Database Design, Performance Tuning, RICE Components
- **Functional**: Oracle EBS R12 & 11i (AP, AR, GL, FA, INV, OM), Oracle Fusion Cloud (**Fusion SCM**, Service Logistics, Field Service, Spare Management, Order Management, Inventory, Fulfillment, Costing), **EBS to Fusion Migration**
- **Tools & Methodologies**: Agile/Scrum, SAFe, Git, Jira, Unit Testing, Project Documentation
- **Soft Skills**: Client Engagement, Mentorship, Team Collaboration, Problem Solving, Communication

Experience

Oracle India Pvt Ltd | IT Senior Consultant

May 2021 – Present

- Delivered Data Centre Inventory (DCI) and GSI integration projects on time, enhancing cross-system synchronization.
- Designed & implemented Microservices, PL/SQL packages, and stored procedures to improve scalability and efficiency.
- Reduced order failure rate by 80% by resolving complex Field Engineer (FE) address discrepancies and data quality issues.
- Developed & optimized OTBI reports, EBS alerts, concurrent programs, XML Publisher reports, lookups, and business events, strengthening reporting accuracy and process automation.

- Automated Legal Entity (LE) setup validation workflows using EBS concurrent programs and Oracle APEX, cutting manual setup time by 60%.
- Performed end-to-end and silo testing for quarterly Fusion upgrade bundles, ensuring smooth migration and minimal disruption.
- Applied functional expertise across Field Service, Spares Management, Order Management, Inventory, Fulfillment, and Costing modules in Oracle EBS.
- Provided application support for Parts Only, Onsite Orders, SR Task Creation, Dispatch, FE Engineer Debrief, Spares Orders, Intercompany Spares, and Repair Operations.
- Implemented Fusion Service Logistics and contributed to Fusion migration of Field Service and Spares Management modules from EBS to Fusion Cloud.
- Optimized service request management through Fusion Service Logistics configuration and reporting (including OTBI for SNB Orders).
- Mentored and trained 5+ new recruits, improving onboarding efficiency and team productivity.

Deloitte | Business Technology Analyst

Jul 2020 – Apr 2021

- Resolved client issues and supported payroll reconciliation processes, reducing downtime, and ensuring accuracy across global operations.
- Developed and standardized PL/SQL procedures, scripts, and 20+ SSRS reports, optimizing client processes and improving reporting efficiency.
- Contributed to end-to-end implementations, ensuring smooth integration of solutions with client business processes.

Larsen & Toubro Infotech | Software Engineer

May 2017 – Jun 2020

- Managed full-cycle development of Oracle-based projects, including requirement gathering, SQL/PLSQL development, and compliance validation.
- Implemented indexing strategies and designed views, boosting query performance by 40% and enhancing system maintainability.

Certifications

- SAFe 5 Scrum Master (2022)
- SAFe 5 Practitioner (2021)
- Oracle Cloud Infrastructure 2023 Certified Foundations Associate (2024)
- Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate (2024)

Education

Bachelor of Technology, Integral University, Lucknow (2012 – 2016)
