SAKET SHARMA

Jaipur, India | ☎ +91-9636243493 | 1993.saket@gmail.com |

Professional Summary

Results-driven IT Auditor & Cybersecurity Professional with 8+ years' experience in IT Risk, Audit, and Compliance across banking, fintech, and consulting domains. Skilled in ISO 27001:2022, NIST CSF, PCI-DSS, CERT-In, COBIT, and RBI/SEBI regulatory frameworks. Proven track record of leading IT audits, implementing ISMS, conducting Vulnerability Assessment & Penetration Testing (VAPT), and authoring security policies. Adept at aligning cybersecurity initiatives with business objectives, ensuring regulatory compliance, and strengthening organizational resilience. Currently preparing for CISA and CIA certifications.

Core Competencies

- IT Audit & Compliance (ISO 27001, SOX, RBI, SEBI, CERT-In and NABARD)
- Vulnerability Assessment & Penetration Testing (VAPT)
- Risk Assessment & Mitigation (ITGCs, Cloud, Infra, Apps)
- Cybersecurity Frameworks (NIST CSF, PCI-DSS, ITIL, COBIT, GDPR)
- Incident Management & Business Continuity Planning
- Policy Development & Governance (20+ ISO security policies authored)
- ERP Systems & Technology Strategy
- Regulatory Compliance & Cybersecurity Controls Testing
- Strong Analytical, Communication & Project Management Skills

Professional Experience

IT Auditor – DR. CBS Cybersecurity Services LLP | May 2024 – Present

- Conducted ISO/IEC 27001:2022 Clause 9.2 internal audits covering Access Control, Cryptography, and Supplier Relationships. Conducted SOX ITGC (IT General Controls) audits covering Access Management, Change Management, IT Operations, and Backup & Recovery controls.

Executed ITGC testing for access management, change management, backup & recovery, and IT operations.

Designed and implemented SoD control matrices to mitigate risks of fraud and unauthorized transactions.

Collaborated with first line (business units), second line (risk & compliance), and third line (internal audit) to evaluate risk management effectiveness.

Performed **testing of design and operating effectiveness** of SOX controls across applications, databases, and infrastructure.

Assessed cybersecurity frameworks (NIST, ISO 27001, CIS Controls) for compliance and maturity.

• Streamlined SOX audit testing by implementing automated evidence collection and data analytics, reducing control testing time by 20%.

• Partnered with external auditors during PCAOB-driven SOX reviews, ensuring zero audit observations for ITGC controls.

• Enhanced control mapping between SOX, COSO, and COBIT, strengthening governance and audit traceability for regulatory compliance.
• Authored and maintained 20+ ISO 27001-aligned security policies (Access Control, Asset Management, Incident Management). Collaborated with process owners to identify control gaps, remediate deficiencies, and validate corrective actions in line with SOX requirements.
• Audited NABARD Level 4 branches & Data Centers per CERT-In & NABARD frameworks.
• Conducted VAPT audits uncovering 25+ misconfigurations & insider threats.
• Verified ransomware protection, SIEM/SOC logging, and BCP controls to improve resilience.

Senior IT Auditor – MS Enterprises, Jaipur | Jul 2015 – Jun 2021
• Led end-to-end ISMS implementation (ISO/IEC 27001:2022), risk treatment, and Annex A controls documentation.

• Conducted end-to-end walkthroughs and RCM (Risk Control Matrix) development for SOX ITGCs across ERP, databases, and infrastructure.

• Identified control design deficiencies and drove remediation plans, resulting in successful SOX audit closure with no repeat findings.

Supported external auditors by providing ITGC testing evidence for financial reporting audits (SOX / SOC1).

Conducted IT security audits covering access management, incident response, vulnerability management, and network security controls.

Assessed ITAC design and operating effectiveness to support SOX, SOC, and regulatory audits.

• Coordinated with global audit teams to align SOX IT controls with COSO and COBIT principles, improving governance maturity and risk coverage.
• Developed Statement of Applicability (SoA) and implemented controls across HR, IT, and OT systems.
• Facilitated ISO certification readiness, cleared Stage 1 & 2 audits with zero non-conformities.
• Conducted IT audits across infra, apps & cloud, aligned with COBIT 2019, CERT-In, and RBI/SEBI frameworks.
• Performed ITGC testing (Access Management, Change Control, Backup/Recovery) across 10+ systems.

Validated control ownership and accountability across the three lines of defence to strengthen governance.

Worked with business and IT stakeholders to design compensating controls where complete segregation was not feasible.
• Conducted SOX IT controls testing, developed audit checklists, reported risk findings with RCA & remediation.
• Delivered cybersecurity awareness training reducing phishing incidents by 30%.

Education & Certifications

• MS in Management Information Systems (MIS) – State University of New York Buffalo, 2023

• Advanced Study in Cybersecurity Certification – SUNY Buffalo, 2023

• Certified Scrum Product Owner (CSPO), 2023

- Certification from Be10X on proficient in AI tools for increasing productivity.

• BE in Engineering – BITS Pilani, India, 2015

• Currently Preparing for CISA & CIA certifications

Key Projects

• IoT Security – Designed risk mitigation strategies for IoT vulnerabilities.

• Healthcare IS Audit – Performed security audits ensuring data confidentiality & integrity.

• Digital Forensics – Applied forensics tools for registry, time, and email analysis.

Additional Highlights

• Strong knowledge of NIST Cybersecurity Framework, Purdue Model, ITIL v4, GDPR. Strong working knowledge of the COSO framework, including Internal Control – Integrated Framework (ICIF) principles for risk and control evaluation. Familiarity with NIST CSF and NIST 800-53 standards for cybersecurity control implementation and mapping to SOX ITGCs. · Applied ITIL v4 practices in IT service management audits (Incident, Problem, and Change Management) aligning IT processes with SOX requirements.

• ERP Specialist – supported system implementations & upgrades.

• Volunteer work in public affairs & social causes.

• Writer of short stories, poetry, and travel memoirs.

• Chess player with ELO rating 1600+ on chess.com.
