## SKILLS

- IOS
- SWIFT
- SWIFTUI
- XCODE
- COCOA TOUCH
- Combine Framework
- DATA STRUCTURES AND ALGORITHM
- DEBUGGING
- DEPLOYMENT
- DESIGN PATTERN(SINGLETON AND REPOSITORY)
- CODE VERSIONING TOOL(github and bitbucket)
- MODEL-VIEW-CONTROLLER
- MODEL-VIEW-PRESENTER
- MODEL-VIEW-VIEWMODEL
- Core Data
- Core Animation
- App lifecycle knowledge
- REST API integration proficiency
- Multi Threading
- User Interface
- SQL
- Quick learner
- Interpersonal skills
- Team coordination
- Energetic
- Self motivated
- Team player

## CUSTOM SECTION

Experience in iOS Development using Swift, and Cocoa Touch frameworks., Worked on enterprise scale client development., Ability to handle projects individually from requirements gathering and publishing app to App

Accomplished Senior iOS Developer with extensive experience in developing robust applications using Swift, SwiftUI, and Xcode. Proven track record in leading projects for smart home appliances integration, e-commerce platforms, and OTT services. Demonstrated expertise in REST API integration, debugging, and agile methodologies. Adept at mentoring junior developers and collaborating with cross-functional teams to deliver high-quality software solutions. Seeking opportunities to leverage skills in a dynamic environment for impactful contributions.

## EXPERIENCE

August 2024 - November 2024
**iOS Developer** ***Accenture (via JoulestoWatts)***, Bangalore

- Lack of project acquisition led to layoff after 3 months when organization failed to assign anticipated Honda/Accura work.
- Part of a team of eight laid off after project termination by end client.
- Seeking challenging positions with prompt availability.
- Demonstrated expertise in iOS design, Swift, and Swift UI.
- Aspire to leverage abilities for impactful contributions within a vibrant team.
- Open to exploring roles that align with background and expertise.
- Implemented robust code for various iOS applications to improve stability and performance.
- Participated in design thinking workshops to better understand user needs and translate them into compelling app features.
- Developed and launched multiple high-profile iOS applications, significantly enhancing user engagement and satisfaction.
- Collaborated with cross-functional teams to define, design, and ship new features, meeting tight deadlines.
- Managed app updates and rollouts via the Apple App Store, adhering to all guidelines and policies.
- Addressed memory usage and leaks promptly, optimising app performance for users.
- Analysed user feedback and app performance metrics to guide future development priorities.
- Integrated third-party APIs and libraries to enhance app functionality and user experience.
- Contributed to the development of in-house libraries and frameworks, reducing development time and improving code reusability.
- Optimised existing codebase for greater efficiency and compatibility across different iOS versions and devices.
- Designed and developed targeted solutions to meet bespoke project briefs.

June 2023 - December 2023
**iOS Developer** ***Claysol Media Labs***, Bangalore

Store., Good understanding of complete application life cycle, continuous integration & testing, and app distribution infrastructure., Strong debugging and troubleshooting skills., Strong understanding of SOLID principles and App architectures such as MVC, MVVM, Clean architecture in Swift and SWIFTUI., Experience in building sleek, high-performance UI and development of iOS application(s) requiring integration with Web Services., Experience with pull requests and code reviewing., Experience in version control tools such as Git., Experience with Agile methodologies - Scrum in working with agile teams across multiple sprints., Experienced iOS Developer with a demonstrated history of working in the information technology and services industry., Skilled in Firebase, iOS/Mac Applications, Swift and SWIFTUI., As an iOS Developer responsible for adding new features to the project, collaborating with UI/UX team for creating pixel-perfect design., Covering code with unit/UI tests and maintenance/fixing appearing bugs, working with teams., Collaboration with other team members to find best working solutions to increase the productivity of the project.

- Delivered OTT platform for seamless subscription and viewing of programs.
- Engineered Apple TV's OTT app RESHET like Netflix through efficient use of Swift language.
- Implemented RESTful API, MVVM, SQL, and GitHub for seamless integration and version control.
- Enhanced user interface design using UIKit.
- Utilized Firebase-Crashlytics for real-time error monitoring.
- Figma
- Specialized in managing Jira software for project tracking.
- Cocoa Touch
- Engaged in every segment of software engineering lifecycle encompassing requirements analysis, architecture formulation, design, and development for a TVOS application.
- Good experience in developing applications with Swift using MVC & MVVM
- Drove user interaction through strategic use of Focus Guide in TVOS.
- Integrated numerous third-party libraries with CocoaPods.
- Worked in Agile environment
- Claysol Media Labs provides an OTT platform for subscribers.
- Engaged in proactive research to stay abreast of emerging trends and technologies in the iOS development arena.

June 2022 - May 2023
**Senior iOS Developer** ***GoMechanic***, Gurgaon

- Company Overview: Pioneered an online car service platform enhancing scheduling efficiency.
- Enables car care services, both exterior and interior.
- Project :-Implemented E-Commerce platform for buying automotive components using SWIFTUI.
- Utilized SWIFTUI, XCODE, and COCOA TOUCH for application development.
- Version Control i.e Github and Bitbucket
- Firebase-Crashlytics
- Combine Framework
- Figma
- Jira Align
- REST APIs
- CocoaPods
- Cocoa Touch
- Participated in all stages of the software development lifecycle, including requirements analysis, architecture creation, and design.
- Demonstrated aptitude in debugging and problem-solving.
- Skilled in application development with SwiftUI following MVC and MVVM patterns.
- Skillfully incorporated external libraries to enhance functionality.
- Mentored junior iOS developers, sharing knowledge and best practices to foster team development and expertise.

July 2021 - April 2022
**Senior iOS Developer** ***IoTify Ltd***, Dwarka

- Company Overview : IoTfy specializes in innovative IoT solutions for smart home appliances.
- Project : Led project to integrate smart home appliances with iOS mobile apps (Magic And Zebra Smart).
- Utilized Swift,Xcode and COCOA Touch to develop robust applications following design patterns.
- Implemented RESTful API integration and debugging processes.
- Applied Github for version control and employed MODEL-VIEW-PRESENTER, MODEL-VIEW-VIEWMODEL design patterns along with SQL.

- Participated in all software engineering phases including requirements analysis, architecture, design, development, testing and deployment of mobile apps.
- Exhibited strong debugging and problem-solving skills.
- Good experience in developing applications with Swift using MVC & MVVM.
- Expertly integrated multiple third-party solutions.
- Contributed to Agile-driven projects.

July 2019 - July 2021
**Senior iOS Developer** ***Career Dose Pvt Ltd***
- Company Overview : Leader in Ed-tech innovation with a distinctive method for education and career advice.
- Focused on creating unique and personalized learning experiences tailored to each student's inclinations and learning patterns.
- Developed learning programs enabling students to make informed choices based on their evaluation.
- Solutions include personalized student sessions, subject videos, and free online classes.
- Integrated classic methods with modern techniques to enhance learning.
- Project: Career dose Mobile App
- Utilized Swift,Xcode and COCOA Touch to develop robust applications following design patterns.
- Implemented COCOA TOUCH and RESTful API for seamless application functionality.
- Applied Git for version control and employed MODEL-VIEW-CONTROLLER Architecture patterns along with SQL.
- Participated in all stages of software engineering, including requirements analysis, architecture design, and development.
- Demonstrated exceptional debugging and problem-solving capabilities.
- Developed applications using Swift with MVC.
- Integrated third-party libraries seamlessly.

## EDUCATION

01/2018
**IOS Development Course IOS Development**
**Madrid Software Training Solutions**

01/2016
**Bachelor's Degree Computer Science**
**Rizvi College**
