Languages	C#, JavaScript, TypeScript, .NET, SQL
Frameworks	.NET Core, .NET Framework, ASP.NET MVC, Web API, Microservices
Frontend	Angular, AngularJS, HTML5, CSS3, Bootstrap
Database	SQL Server, MySQL, Oracle
Tools	Visual Studio, VS Code, SQL Server Management Studio
DevOps & Versioning	Git, Azure DevOps
Methodologies	Agile (Scrum), CI/CD

💼Professional Experience

Hinduja Leyland finance, Chennai\ *DotNet Full Stack Developer | Oct 2023 – Present*

- Developed and maintained 10+ reusable APIs, improving system scalability by 30%.
- Integrated 3 core modules (Vendor Expenses, Employee Expenses, Collections) reducing processing errors by 25%.
- Collaborated with DevOps to streamline CI/CD pipelines, resulting in 20% faster deployments.
- Led peer reviews and mentored 2 junior developers, improving team code quality score by 15%.
- Improved database performance by optimizing 20+ SQL queries, reducing query time by 40%.

OptiSol Business Solutions, Madurai\ *DotNet Full Stack Developer | Jun 2022 – Sep 2023*

- Delivered 6 full-stack applications in domains like healthcare and retail.
- Reduced page load times by 35% through API optimization and lazy loading in Angular.

- Enhanced SQL efficiency leading to a 40% boost in dashboard responsiveness.
- Achieved 98% on-time delivery rate through agile sprint planning and client collaboration.
- Handled client communication across 5 major projects ensuring 100% satisfaction.

Internship – OptiSol Business Solutions\ *DotNet Developer Intern | Jun 2022 – Aug 2022*

- Supported ongoing projects with frontend development and backend API implementation.
- Participated in internal workshops and gained experience in professional development environments.

🗜️ Key Projects

ERP Lite

- Designed modules used by over 1,00,000+ employees for HR and finance operations.
- Reduced manual data entry efforts by 70% via automation scripts.

DA Assignment & Collections

- Processed over 10,000+ DA transactions, ensuring <1% error rate.
- Improved payout cycle speed by 25% through backend optimization.

SFCC EMR (Electronic Medical Record)

- Supported 1000+ appointment bookings/month with stable shift-mapping and biometric attendance integration.

MRF Vendor Portal

- Handled 5000+ vendor registrations/month, improved PR-to-PO flow efficiency by 40%.
- Enabled real-time delivery validation, cutting manual errors by 60%.

Teachers Portal

- Supported 100+ teachers and 1000+ students, enhancing academic data visibility.

ICR Touch Eposbuddy

- Enabled daily transaction tracking for 20+ hotels, reducing payment reconciliation time by 50%.

Customer Loan Portal

- Managed loan tracking for 10,00,000+ active users, with real-time payment support reducing NOC processing time by 35%.
- Designed secure user flow that led to a 15% rise in self-service usage.

🕐 Certifications & Training

- Data Clustering Workshop – KLN College of Engineering
- Hackathon & In-Plant Training – Chennai

🕐 Achievements

- Best Project Award – IIT, April 2022
- Outstanding Leadership Award – Final Year Symposium Lead
