GOMATHI K

Associate Software Engineer

+91 9025414591	Kgomathi22498@gmail.com	Chennai, India 600127

PROFESSIONAL SUMMARY

- Total 3+ years of experience in application development and Infrastructure management services.
- Ensuring product stability & improvement and reduced critical bugs within a stipulated timeframe. Working as a part of a development team in the healthcare domain.
- Highly proficient in C#, with hands-on experience in building Windows applications and a strong background in .NET Windows and application development.

EXPERIENCE

ASSOCIATE SOFTWARE ENGINEER, 01/2023 - Present

Optum Global solutions India private Limited

(Formerly EMIS Health India Private Limited)

- EMIS Web Application
  - Client: NHS (UK Government)
  - Tech Stack: C#, .Net, WinForms, MS SQL Server, Azure DevOps
  - Developed and enhanced the **Search and Reports** module to manage patient appointments and clinical workflows. Involved in feature development, requirement analysis, and resolving live production issues
- GPES (General Practice Extraction Services)
  - Client: NHS (UK Government)
  - Tech Stack: C#, .Net, Windows services, XML Processing, MS SQL Server
  - Built a secure data extraction system for GP practices, ensuring compliance with patient data protection standards. Focused on backend service development and XML data processing.
- Refset Manager Tool
  - Client: EMIS(Internal)
  - Tech Stack: C#, .Net, WPF and entity Framework, MS SQL Server
  - Designed and delivered a tool to automate data(refset) expansion, reducing manual effort. Led end-to-end development and presented the solution.

ONSITE COORDINATOR, 03/2025 - 04/2025 (Leeds, UK)

- Collaborated effectively with cross functional teams and fostered a culture of Teamwork, especially while working with UK based counterparts.
- Regularly monitoring and managed client data, as well as proactively engaging General Practitioners (GPs) to gather new requirements and enhance service quality.
- Delivered real-time solutions to address live-related challenges, enabling smooth operations for the team.

TRAINEE ASSOCIATE, 07/2022 - 01/2023
