KUNAL KAMRANI

Software Development Engineer in Test (SDET)

| India | (+91) 8983617467 | kunalkamrani@gmail.com | https://www.linkedin.com/in/kunalkamrani/

Summary

Senior SDET with over **7 years** of experience, including **2 years on-site in Singapore**, delivering high-impact test automation strategies. Reduced test execution time by 40% through robust frameworks like **Selenium**, and **Playwright**. Improved API test coverage by 50% using tools such as **Rest Assured**, **Postman**, and **Karate**. Optimized **CI/CD pipelines** with **Jenkins** to accelerate deployments. Achieved a 30% reduction in defect leakage and enhanced test reporting through **AI/ML-driven dashboards**. Ensured data quality and integrity using **PostgreSQL** and **MySQL** within **Agile** development environments. Delivered robust QA solutions across diverse domains including **Healthcare**, **Financial**, **Banking**, **Payments**, **Retail**, and **Automobile.**

Work History

Senior Software Development Engineer
Sep 2023 - Current

Antas Pte. Ltd. — Singapore

- Engineered and deployed scalable automation suites for web applications using **Java, Selenium, and BDD Cucumber**, increasing test execution efficiency by **40%**.
- Validated and parsed complex **JSON** request/response structures during API automation using **Java**, **Rest Assured** and **Postman**.
- Streamlined CI/CD pipelines by designing and managing **Jenkins** jobs for critical **sanity** and **regression testing**.
- Executed strategic **exploratory testing** to uncover nuanced issues, effectively complementing automation and ensuring comprehensive product quality.

Senior Test Engineer
Feb 2022 - Aug 2023

Mastek — Mumbai

- Architected and implemented robust automation test suites using **Java, Selenium, and BDD Cucumber**, **Playwright** significantly reducing regression testing time.
- Pioneered end-to-end accessibility testing strategies with **Axe**, **Wave**, **NVDA**, **Lighthouse**, and adherence to **WCAG guidelines**, ensuring full compliance with accessibility standards.
- Developed and automated complex **REST** API test suites using **Postman** and **Karate Framework**, incorporating **JSON** schema validation, headers, and authentication mechanisms.
- Enhanced defect lifecycle management and reporting through **JIRA**, **Confluence**, and **Extent Reports**, improving real-time issue tracking and team collaboration.

QA Engineer
Oct 2021 - Feb 2022

Paytm — Mumbai

- **Championed Agile/Scrum methodologies**, actively contributing to sprint planning, reviews, and retrospectives to ensure timely and high-quality software releases.
- Executed comprehensive functional and regression testing of RESTful web services using **Postman**, proactively identifying and addressing critical issues early in the **SDLC**.
- Built scalable API automation frameworks with **Karate Framework**, significantly increasing test coverage and reducing execution time.

Senior Test Analyst
Jul 2018 - Oct 2021

Capgemini — Mumbai

- Designed and implemented a scalable, data-driven automation framework using **Selenium WebDriver**, **TestNG**, **Java**, and **Playwright**, resulting in improved test efficiency and reduced execution time.
- Spearheaded **API and mobile automation** initiatives using **Postman**, **Karate Framework**, **Appium**, enabling end-to-end functional validation across platforms.
- Collaborated with **cross-functional teams** to ensure smooth integration of test automation within the development cycle, enhancing **i**ssue resolution speed.
- Managed the entire test lifecycle in Agile sprints, including test planning, execution, defect tracking, and reporting using **JIRA** and **Confluence**.
- Delivered detailed and actionable **test reports,** improving stakeholder visibility and supporting faster decision-making.

Skills

- Selenium
- BDD Cucumber
- Appium
- Agile Methodology
- Postman
- Maven
- Java
- Playwright
- Jenkins
- Karate Framework
- Git
- Rest Assured

Certifications

- Certified ACCELQ Automation Engineer — Jul 2025
- Certified AI-DRIVEN Test Automation Engineer — Jul 2025

Education

Bachelor of Science: **Information Technology** — May 2018
University of Mumbai — Mumbai
