PROFFESIONAL SUMMARY

- **6.8** years of experience as a Software Development Engineer i.e. Web-based applications and associated technology components. Distributed Architecture Applications using **Java and J2EE**. Responsible, Creative, Result-oriented professional.
- Able to learn new Technologies and tools quickly and capable of adopting them as well.
- Experience in using **Agile SCRUM** methodology for developing theapplication.
- Good experience in working with **Spring Framework (CORE, AOP, JDBC, TRANSATION, MVC, Spring Security, SpringBoot, SpringDataJPA,SpringRest).**
- Good knowledge of working with **MicroservicesArchitecture**.
- Good knowledge of working with **SpringCloud**.
- Worked on **Spring integration with Hibernate.**
- Worked on **Spring integration with RestfulWebservices**.
- Hands on Experience in **SpringBoot.**
- Extensive Experience in using **MVC (Model View Controller)** architecture for developing applications using JSP, Java Beans andServlets.
- Having good exposure in writing the Persistence layer using ORM tool **Hibernate andJPA.**
- Good experience of developing data models using **Hibernate Entities** and configuring Hibernate persistence layer.
- Developed **Restful Webservices (Resource and Client)** and have hands on Experience onit.
- Developed **Asynchronous rest API to** make application more **scalable.**
- Good knowledge around **Gang of Four Design patterns (Singleton, Factory, Abstract Factory, Strategy, Builder), JEE (Intercepting Filters, Front Controller), Business and Integration Tier (DAO, Business Delegate).**
- Hands on experience **in HTML, JavaScript, JSON.**
- Knowledge in using version control tool **GIT**.
- Working experience on **Maven**.
- Working experience on **LOG4J** for debugging.
- Working experience on **JUNIT**.
- Working experience on **mongoDB**

Educational Summary

- B.Tech (E&TC) 2016 from **BIET, Bhadrak**, affiliated to **BPUT**, Orissa.

PROFESSIONAL EXPERIENCE

- Worked as **LEAD ENGINEER** at **HCL . Bangalore** from **Nov 2021** to May 2024**.**
- **Capgemini Service Pvt Ltd. Bangalore from Mar 2021 to OCT 2021.**
- Working as **Software Engineer** at **SWAGG Technology Bangalore** from **Jan2017** to **Mar 2021**

TECHNICAL SKILLS

Languages	**Java, AWS, EC2. S3, Lambda, Azure**
Web Technologies	**HTML,CSS,JAVA SCRIPT,XML,XSD**
Distributed Technologies	**Web Services, Restful Services, JMS**. GCP
Frameworks	**Spring (Core, JDBC, AOP, MVC), Hibernate, Java Collections, Spring Boot, Micro services**
Web/Application Server	**Tomcat, JBOSS**
XML Parsing Technology	**JAX-P**
XML Binding Technology	**JAX-B**
Databases	**SQL, MySQL**
Java IDE	**Eclipse, STS**
Operating Systems	**Windows**
Tools	**Maven, JUNIT, GIT, Log4J, SOAP-UI, Advanced Rest Client, Jira, Postman, Tomcat, Docker, Kubernetes**

Project#1

Project: **ASDM**
Client: **Cisco**
Team size: **5**
Role: **Java Developer**

Description:

Asdm Backend is a team/device primarily working on developing/enhancing and managing the backend /applications. Create a world class Trade-in program where 40% + of customers purchasing
Equipment from Cisco choose to trade with Cisco.

Roles & Responsibilities:

- Involved in the Analysis, Coding, modification and implementation of user requirements in the Ordering Services and Payment Services .
- Implementing rest based using **Spring Web Flux**.
- Written **DAO** classes using **Spring JPA**.
- Written **Junit Test Cases**
- Responsible for writing business logic for retrieving the data from database.
- Used Spring IOC for Instantiating the objects in all the layer.
- Developed User defined Exceptions for each request and response.

Environment: Java, Spring,Spring Boot Web flux, Oracle DB, Angular, AWS, Eclipse, Tomcat, Jenkins and Maven and Azure. Kafka, Docker, Kubernetes.

Project#2

Project: **Loan & Deposits Management System.**
Client: **TIDC**
Teamsize: **10**
Role: **Developer**

Description:

The TIDC is a web – based tool designed to manage BTMU's KYC file process and to serve as the official repositoryfor all KYC information required under the KYC Policy and Procedures. KYC application basically used to perform risk rating for new customers and periodic risk rating for existing customer and KYCR is fetching the data from CDL system.

Roles & Responsibilities:

- Involved in the Analysis, Design, Coding, modification and implementation of user requirements in the KYC application.
- Worked on Spring **MVC architecture**.
- Written **DAO** classes using **Spring JDBC**.
- Responsible for writing business logic for retrieving the data from database.
- Used Spring IOC for Instantiating the objects in all thelayer.
- Developed User defined Exceptions for each request and response.

Environment: Java, JAX-WS, Spring, MySQL, Design Patterns, JSP, SVN, Eclipse, J2EE and JBOSS Server, Maven.

Project#3

Project: **Arek Insurance**
Client: **Arek**
Role: **Software Engineer**
TeamSize: **5**

Description:

ACES is an in-house custom-built workflow tool develop and utilized by Americas Credit Review (ACR) team as a centralized repository of Examination and Continuous Monitoring activities. ACES data mart contains transactional exposure data from Bank and Branch, resource management information, with which ACR users are able to perform credit examinations in order to achieve business objectives

Roles & Responsibilities:

- Involved in understanding and analyzing the requirements, and development of various modules.
- Developed Web Pages by using JSP to render output data.
- Worked on **Spring MVC** architecture.
- Worked on Spring Transactions.

- Working on Hibernate Entities and relationship.
- Worked on Spring Hibernate integration using **Spring ORM**.
- Worked on **DAO** classes for persisting data inton database.
- Used Spring for cross cutting concerns and IOC for dependencyinjection.
- Analysis to define requirements and functionality definition.
- Coding, testing and deploying the web application using TomcatServer.

Environment: Java, Spring Boot, Spring Framework, Hibernate, JPA, Maven,Tomcat and MySQL.

Declaration:

I hereby declare that all the above-mentioned information is true to the best of my knowledge.

Place: -Bangalore
