# Yunus Shaikh

GRC Focused -Cybersecurity Specialist

Cell: 9343221419 E-mail: shaikh.yunus.mumbai@gmail.com Place: Pune

## Professional Summary

Governance-driven Cybersecurity Manager & GRC Lead with 15+ years of experience in Cybersecurity Governance, Risk & Compliance, ITGC Controls, and Security Operations. Expert in implementing Minimum Technical Security Baseline (MTSB) across 19+ security domains including Access Control, AD, AV/Endpoint Protections, Cryptography, Cloud, Network, and Workstation Security.

Proven track record of managing enterprise SLA/KPI dashboards (14+ domains) and ensuring compliance with global frameworks: ISO 27001, NIST CSF, CIS Controls, PCI DSS, GDPR, SOC 2, HIPAA, SOX, and DPDP Act 2023.

Recognized for driving predictive governance, risk-based security models, and audit-readiness while enabling alignment with business goals.

## Core Competencies

- Governance & Risk Management: SLA/KPI Dashboard Management | ITGC & Control Validation | Risk Assessments
- Frameworks & Compliance: ISO 27001 | ISO 31000 | NIST CSF | CIS | PCI DSS | GDPR | SOC 2 | HIPAA | SOX | DPDP Act 2023
- Security Operations & Incident Response: SOC Governance | Threat Intelligence | Incident Reporting | Predictive Governance
- MTSB Compliance Domains: Access Control | Active Directory | AV & Endpoint Protections | Collaboration Tools | Cryptography | Databases | Email Gateway Protection | Firewalls | HIPS/HIDS | Mobile Security | Network Security | Patching | Public Cloud Security | Server Compute | Virtualization | Web Gateway Protection | Web Server Compute | Workstation Security | Mainframe
- Governance Reporting & Leadership: Risk-Based Governance | Policy Exception Management | Security Posture Reviews | Stakeholder Engagement | Audit Readiness | Team Collaboration

## Professional Experience

### Cybersecurity Specialist – AXA GBS (via CN Techie Payroll), Bangalore (Hybrid)

May 2025 – Present

- Lead KPI & MTSB Governance Dashboard across 14+ categories (AD, Antivirus, Encryption, Firewall, Endpoint, PUAM, Patch, TVI, etc.).
- Drive compliance reporting & audit readiness as per ISO 27001, NIST CSF, and CIS benchmarks.
- Provide governance oversight on MTSB compliance domains (AD, Access Control, Cloud, Patch, Workstation).
- Enhance policy hardening & security component mapping to align with business and risk objectives.

### IT Deputy Manager – Piaggio Vehicles Pvt. Ltd., Pune

Feb 2024 – Dec 2024

- Directed governance for AD, Antivirus, Encryption, Patch & Vulnerability Management.
- Implemented MFA, Zero Trust, IAM, and DLP controls aligned to ISO 27001.
- Strengthened endpoint governance & coordinated cross-departmental security reporting.

### Freelance Cybersecurity Consultant – Borgward Technology, Pune
Oct 2023 – Jan 2024
- Delivered risk & compliance consulting for governance projects.
- Performed ISO 27001 gap assessments and remediation planning.

### IT Operations Analyst – Avaya India Pvt. Ltd., Pune
Oct 2015 – Sep 2023
- Oversaw SOC Governance, Endpoint Security, and Compliance Reporting.
- Conducted BCP, ITGC control validation & coordinated with SOC for incident analysis.

### Earlier Roles:
- MSME-Enterprise – MSYS Computers – 2011–2015
- SME – Amdocs (via Quess Corp), Pune – 2009–2010
- Data Center Operator – SBI & HDFC – 2008–2009
- Trainee Engineer – CMS Computers – 2007
- Freelance Technical Support – 2004–2007

## Technical Skills & Tools
- Compliance & Governance: MTSB Standards, SLA/KPI Dashboards, Risk-Based Scorecards, Policy Compliance
- Security Tools: Qualys VMDR, Azure Defender, Kaspersky EDR, Microsoft Defender, Intune
- IAM & Access: Entra ID (Azure AD), PUAM
- Cloud/Network: Zscaler, Fortinet, Check Point, Azure Security Center
- Encryption & Privacy: AES, RSA, TLS/SSL, BitLocker, PKI, HSM
- OS Expertise: Windows Server 2016/2019/2022, SQL Server 2016, Red Hat Linux 8

## Education
B.Sc. (Computer Science), DAVV Indore – 2004
Advanced Executive PG in Cybersecurity, IIIT-Bangalore – 2021

## Certifications
- Governance & Risk: CISM (2024) | ITIL® Foundation | ITIL® Intermediate (SO, RCV) | PRINCE2 Practitioner | ISO/IEC 27002:2015
- Cybersecurity: CEH v10 (2018) | Qualys Certified Specialist (VM, PCI, Cloud Agent, Policy Compliance) | EXIN Cloud Computing
- Microsoft & Infra: MCP | MCSA | MCTS (ISA Server 2006)
- Networking & OS: CCNA | CompTIA A+ | CompTIA N+ | RedHat Linux Basics
