Professional Experience

Kcloud Technologies | Sr. Salesforce Developer

May 2023 – Present

- Leading Salesforce development projects and providing technical guidance to junior developers.
- Designed and deployed complex LWCs and Apex controllers to streamline business processes.
- Built custom integrations with external platforms (Onboarded, Google Drive, SAP, Stripe).
- Improved performance by optimizing SOQL queries and minimizing governor limit issues.
- Partnered with clients to gather requirements, design technical solutions, and deliver end-to-end implementations.

Techila Global Services | Salesforce Developer

Oct 2020 – Mar 2023

- Developed and customized Lightning Components (Aura & LWC) to meet client-specific needs.

- Built screen flows and process automations to reduce manual efforts.
- Integrated external apps (SAP, Dougamolina, Flexipricer) and enhanced customer engagement processes.
- Provided bug fixing, enhancements, and support for production environments.

NIIT Technologies | Associate Software Engineer

Mar 2019 – Jul 2020

- Worked on multiple E-Learning projects to support client requirements.
- Developed interactive E-Books and Quizzes for HMH, ensuring quality and usability.
- Actively involved in the Designing phase to create scalable learning solutions.
- Participated in the Testing phase to validate deliverables and ensure defect-free deployment.

Key Projects

Jetnet Project

Designed and implemented Salesforce integration with Swagger platform APIs to retrieve aircraft details.
Developed multiple complex batch processes handling hundreds of thousands of records daily.
Created scalable LWC components and Apex triggers to manage high-volume data processing efficiently.
Salesforce Cloud Used: Sales Cloud.

Monday.com Integration

Designed and delivered a bi-directional integration between Salesforce and Monday.com.
Enabled seamless synchronization of data for create and update operations across both platforms.
Led solution design, authentication setup, and end-to-end data syncing.
Salesforce Cloud Used: Sales Cloud.

Monday.com Workspace Builder

Independently built a custom LWC replicating Monday.com functionalities inside Salesforce.
Enabled users to create workspaces, boards, tables, and perform CRUD operations on rows and columns.
Implemented role-based security and UI-driven permissions to restrict access to authorized users only.
Salesforce Cloud Used: Sales Cloud.

Owner Site Project

Enhanced UI/UX and functionality of a Salesforce community site.
Built multiple custom Lightning Components with advanced CSS overrides.
Delivered tailored features to improve user engagement with topics and articles.
Salesforce Cloud Used: Sales Cloud, Community Cloud.

Onboarded Integration

- Developed bidirectional API sync and automated workflows.

• Built custom LWC for mapping object fields during data synchronization.

Salesforce Cloud Used: Sales Cloud, Service Cloud.

Locklear Lending

• Delivered multiple complex LWCs and Apex controllers.

• Integrated Google Drive and customized UI workflows.

Salesforce Cloud Used: Sales Cloud, Service,Community Cloud,Pardot.

Highring

• Implemented Stripe integration using Flows.

• Customized RingCentral app and enabled Sales Engagement automation.

Salesforce Cloud Used: Sales Cloud.

SAP Integration

• Created LWCs for product selection and exchange product features.

• Integrated Dougamolina and Flexipricer AppExchange solutions.

Salesforce Cloud Used: Sales Cloud, CPQ.

PDF Engine

• Developed a managed package for automation and security.

• Created Lightning Web Components for PDF processing.

Salesforce Cloud Used: Sales Cloud, Service Cloud.

Junglee Games

• Developed batch jobs for external system data sync.

• Enhanced gaming integrations for Jungle Rummy, Howzat, and Carom.

Salesforce Cloud Used: Sales Cloud.

Red Payment

• Automated payment processes with Apex triggers and Flows.

• Implemented bug fixes and enhanced payment workflows.

Salesforce Cloud Used: Sales Cloud, Pardot.

Time Tracker

• Developed LWCs to track employee productivity with calendar integration.

• Designed data model and managed permission sets for secure access.

Salesforce Cloud Used: Sales Cloud.

Education

• Master of Computer Applications (MCA) | Future Group of Bareilly (2017–2019)

- Bachelor of Computer Applications (BCA) | Bareilly College (2014–2017)
- Intermediate (61%) | UP Board (2012–2014)
- High School (68%) | UP Board (2010–2012)

Personal Details

- Date of Birth: 01 Dec 1997
- Languages: English, Hindi, Urdu
- Marital Status: Unmarried
