Futuretronik Software Solutions Pvt Ltd | Mar 2010 – Sept 2011

Software Test Engineer

• Performed Functional,Regression,Integration,System testing for software applications

• Created and executed test plans, test cases, and test scripts to ensure defect-free releases.

• Test cases executions,Bug reporting and their follow-ups to improve overall application efficiency.

Key Projects

• Czentrix Real Time Telecom Billing System – SIPp, Jira, MySQL, RabbitMQ, Python, JavaScript, PHP

• Czentrix Hot-Word AI – Java, Katalon, SIPp, Jira, Python, Postman, RabbitMQ, MySQL

• Czentrix Clustered/Distributed/Backup/Redundancy/Master-Master

• Virtual Queue – SIPp, Jira, C/C++, TCP/IP (high-load deployment handling 10,000+ users)

• Czentrix Dialer & Reporter – Jira, RESTful APIs, Perl, PHP, Python, MySQL, Redis

Education

MCA (Master of Computer Applications), 2008

Uttar Pradesh Technical University (UPTU)

Certifications

• ISTQB Certified

Technical Skills

• **Testing Tools**: Jira,Katalon Studio, SIPp,Cucumber,Selenium,JMeter,Load Runner, Postman, Wireshark,JavaScript,Python,HTML

• **Databases**: MySQL, RabbitMQ,MongoDB,Redis

• **Methodologies**: Agile, Waterfall,Scrum, BDD, TDD

• **Other**: Test reporting,Test metrices,Virtualization (VMware), API Testing, VAPT, Security testing,White box testing,Performance Testing

Soft Skills

• Leadership & Team Management

• Analytical & Problem-Solving

- Communication & Collaboration
- Risk management
- Strategy planning
- Mentoring
- Stakeholders collaboration
- Customer satisfaction
