PROFILE SUMMARY

As a seasoned Certified Software Tester with 15 years' expertise in both manual and automation testing, I possess a strong track record of ensuring the quality and functionality of software products. With my extensive experience, I have honed a deep understanding of testing methodologies, tools, and processes, enabling me to effectively identify and resolve issues to deliver high-quality products. I am adept at creating and executing test cases, conducting system tests, and collaborating with cross-functional teams to drive successful project outcomes. My commitment to precision and efficiency makes me a valuable asset in achieving testing objectives.
