LinkedIn: https://www.linkedin.com/in/ashutosh-rajawat/

## Professional Summary

Resourceful Android Developer with experience of designing scalable, high-performance apps across fintech, health, hospitality, and media domains. Expert in Kotlin, Jetpack Compose, MVVM architecture, and clean-code practices. Proven track record of delivering real-world mobile solutions, publishing Play Store apps, and collaborating cross-functionally in agile environments.

## Technical Skills

- Languages: Kotlin, Java, XML, SQL
- Android: Jetpack Compose, Android SDK, Android View System
- Architecture: MVVM, Clean Architecture (Repository Pattern)
- Tools: Android Studio, Git, ADB, Firebase Console
- Libraries: Retrofit, OkHttp, Glide, Picasso, Hilt/Dagger, Room, WorkManager
- Async: Coroutines, RxJava
- CI/CD & Cloud: GitHub Actions, Firebase Authentication, Firestore, FCM, Crashlytics
- Testing: Unit Testing (JUnit, Mockito)
- Practices: Agile, Scrum, Clean Code

## Professional Experience

Android Developer | Strivemindz Pvt. Ltd. | Jan 2022 – Present | Jaipur

- Developed 10+ consumer and enterprise Android applications (100K+ cumulative downloads).
- Integrated Jetpack Compose for modern UI components, reducing developer time by 20%.
- Built offline-first features using Room database and WorkManager.
- Designed scalable MVVM + Repository Pattern–based architecture.
- Led CI/CD integration with GitHub Actions, cutting manual release overhead by 30%.
- Collaborated with QA, backend, and product teams in two-week agile sprints

## Key Live Projects

- YaraVoice – Voice chat room app: https://play.google.com/store/apps/details?id=com.yara.voice_new
