SURUTHI RAJU

suruthirage@gmail.com | +91-9591302425

PROFILE SUMMARY

Experienced and versatile software developer with over 4 years of professional experience in C programming and 1 year in web development. Adept at developing and customizing software for real-time and embedded Linux-based applications, delivering reliable and performance-optimized solutions. Recognized for excellent problem-solving, training contributions, and collaborative teamwork in fast-paced development environments.

KEY SKILLS

- Programming Languages: C, PHP, JavaScript, XML
- Web Technologies: HTML, CSS, Bootstrap, JavaScript
- Database: MySQL
- Embedded Systems: Linux (Development & Debugging), Data Structures
- Tools: Vim, GCC Compiler, Eclipse, RTist, RoseRT, Jenkins
- Operating Systems: Linux (Primary for development), Windows
- Other: MS Office, MS Excel
- Soft Skills: Team Collaboration, Requirement Analysis, Debugging, Documentation

PROFESSIONAL EXPERIENCE

HCL Technologies Pvt Ltd, India

Member Technical Staff | Oct 2021 – Present

Projects:

- Cisco-C-Networking-LTT-D4 (Language: Embedded C, Development Environment: Linux)
- Nokia-Strand Mount Application Software (Languages: C, Tools: Eclipse, RTist, RoseRT, Platform: Linux-based embedded systems)

Responsibilities:

- Developed and debugged application software in C on Linux platforms for telecom and networking systems.
- Migrated legacy RoseRT models to RTist for enhanced maintainability and performance.
- Conducted POCs and knowledge transfer sessions on MO (Managed Object) creation and signal-based communication.
- Built, tested, and validated binaries on Linux-based 4G/5G Smart Node boards.

• Collaborated with cross-functional teams to ensure Linux-based builds met performance and quality benchmarks.

Greet Technologies Pvt Ltd, India

Software Engineer | Feb 2017 – Apr 2018

Project: Customization and Development for Tally ERP

Responsibilities:

• Developed C-based customization modules for ERP platforms.

• Analyzed requirements and collaborated with Quality and Delivery teams.

• Delivered and validated software in customer environments.

Letmefind E-Service Pvt Ltd, India

Trainee Software Engineer | Jan 2016 – Jan 2017

Project: Letmefind Website Development

Responsibilities:

• Created responsive web interfaces using HTML5, CSS, Bootstrap, JavaScript.

• Developed backend functionality using PHP and integrated MySQL databases.

• Deployed live features on Apache servers.

Emertxe Information Technologies, India

Trainee | Nov 2015 – July 2016

Projects:

1. Address Book – Contact manager using arrays, structures, and file handling in C.

2. Steganography – Data encryption tool using bitwise operations and pointers in C.

EDUCATION

Bachelor of Engineering in Electronics and Communication

Jayaram College of Engineering and Technology, Trichy (Anna University, Chennai) — 2011 – 2015 | CGPA: 7.02

HSC (+2) – Our Lady of Lourdes Girls Higher Secondary School – 85.75% (2011)

SSLC (10th) – Our Lady of Lourdes Girls Higher Secondary School – 89% (2009)

Certifications:

• Emertxe Certified Embedded Professional (ECEP) – Emertxe Information Technologies, Bangalore (2015)

ACHIEVEMENTS

• Best Employee of the Month (Twice) – Letmefind

• Star Performer & Best Employee of Q4 2017 – Greet Technologies

• Rewards & Recognition for Teamwork – HCL Technologies

LANGUAGES

• English: Fluent

• Tamil, Kannada: Fluent – Local

PERSONAL DETAILS

• Date of Birth: 17th Jan 1995

• Father's Name: Raju P

• Marital Status: Married

DECLARATION

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief.

Yours sincerely,

Suruthi Raju
