Professional Summary:

*I am a forward-looking and quick-learning **Senior Software Engineer** with 8+ years of experience in service **Application Development** in **C++** with a passion for developing innovative programs that expedite the efficiency and effectiveness of organizational success.*

To secure a challenging position in this organization to expand my learnings, knowledge, and skills.

Skills Profile

Technical

Operating System	Linux, Windows, Mac
Languages	C, C++, OOPS, python, Shell Scripting.
Other	Networking, IPC, Socket Programming, Memory Management, Process Management, Thread Management, File System Management, System calls, Makefile, CMake, Source Code Management, Software Design Pattern and Clearcase

Functional

Management and Leadership Skills	• Ability to grasp and learn new technology quickly. • Very enthusiastic and highly motivated with a Positive attitude. • Flexibility & Adaptability.

Training and Seminars

Undergone three months of NALANDA training **Aricent Technologies** on C, Data Structures and Networking

Certifications

- Cloud Computing
- Big data
- Business English Certificate

Professional Experience

1: Organization Name	**Aricent Technologies**
Client Name	**Coriant**
Project Name	**Network device feature enhancement**
Project Duration	**1Year and 11 Months**
Role/Title	**Software Developer**
Work Location	**Chennai**
Project Description	**Network device feature enhancement L2 and L3 protocols Development**
Responsibilities	➢ **Played a major role in fixing minor, major and critical kind of bugs in following subsystems.** ➢ **Transmission Protection Control** ➢ **Ethernet** ➢ **Optical Transport Network.** ➢ **Interface Management** ➢ **X-Versatile Data Base** ➢ **Application Logs Framework implementation for TPC subsystem.** ➢ **Fault framework implementation** ➢ **Protection switching implementation when the interface is in Misconfigured state** ➢ **Dampening feature for interface level – To suppress the continuous flapping on an interface.** ➢ **CLI, BMI and XDB implementation for FEC type in OTN.**
Operating Systems	**Linux**
Hardware	**Switch and router**
Software / Special Tools	**GIT, putty**
Languages	**C**

2: Organization Name	**CodeMantra Pvt Ltd**
Client Name	**pearson**
Project Name	**XMLTW Plugin development**
Project Duration	**1 Year and 11 Months**
Role/Title	**Software Developer**
Work Location	**Chennai**
Project Description	***Exporting the content from InDesign to XML*** ***Converting the content from word to InDesign***

Responsibilities	➢ **Clicker feature development in InDesign using InDesign SDK framework tools.** ➢ **Separation of clicked and un-clicked items in an InDesign document.** ➢ **Cursor movement for a selected frame from the clicked/un-clicked list items.** ➢ **Pinned element traversal under the parent using XML node element traversal.** ➢ **Element position swapping in clicked list items using linked list implementation.** ➢ **Validation for export process from InDesign to XML.** ➢ **Configuration Setting and Bug fixing for Single and batch export process.** ➢ **XML tool validation using string manipulation technique**
Operating Systems	**Mac**
Software / Special Tools	**InDesign,** XCODE
Languages	**C, C++**

3: Organization Name	**Capgemini Technology Services India Limited**
Client Name	**GE**
Project Name	**CT clearcase to GIT migration**
Project Duration	**3 Years and 7 Months**
Role/Title	**Senior Software Developer**
Work Location	**Bangalore**
Project Description	***Migrating the content from clearcase to GIT environment***
Responsibilities	➢ ***Migrating the content from clearcase to GIT environment based on repository.*** ➢ ***Analyzing the header and library dependencies from clearcase*** ➢ ***Creating an RPM for any dependencies and publishing into shared server*** ➢ ***Cleaning up the migrated content from clearcase to GIT*** ➢ ***Ensure that remaining components in clearcase compiled successfully without the migrated component*** ➢ **Cloning a repository from remote and downloading the dependencies from clearcase shared server** ➢ **Writing a makefile for code compilation based on GIT environment.** ➢ **Created development RPMs to provide dependent header and library files.** ➢ **Ensure packaged RPM file mode and permission is same as clearcase provider RPM.** ➢ **Created comparison script to compare with multiple RPMs.**
Operating Systems	**Linux**
Software / Special Tools	**Maven, mobaxterm**
Languages	**C, C++**

4: Organization Name	**Mphasis Limited**
Client Name	**WellsFargo**
Project Name	***Image Exchange***
Project Duration	**Aug 2024 –Till now**
Role/Title	**Senior Software Developer**
Work Location	**Bangalore**
Project Description	**Image Exchange is a technology for processing checks, where images of checks are exchanged electronically instead of physical paper checks**
Responsibilities	➢ ***Analyzing the code functionality and code flow, transferring the knowledge to the team*** ➢ ***Sharing knowledge over the C and C++ languages to the team as a refreshment.*** ➢ ***Finding the root cause for the given bug in the code and fixing it*** ➢ ***Enhancement for the specified component***
Operating Systems	**Linux**
Software / Special Tools	**Maven, mobaxterm, GIT**
Languages	**C, C++**

Education

Course of Study	*Specialization*	*Name of University*	*Address of University*	*Year of Completion*
B.Tech	Information Technology	Mepco Schlenk Engineering College	GVG3+497, Mepco Nagar, Sivakasi, Tamil Nadu 626005	2016
HSC	Maths Biology	SSV Higher Secondary School	Mathapattanam, Koviloothu, Tamil Nadu 627415	2012
SSLC	Standard	SSV Higher Secondary School	Mathapattanam, Koviloothu, Tamil Nadu 627415	2010
